To Whom It May Concern:

This letter is to endorse Kiyomi Okada, who has been an intern with Radium, Inc. (a visual effects company located San Francisco, CA), from November 7, 2007 to May 19, 2008.

During her internship, Kiyomi became one of our most reliable artist interns. Kiyomi was chosen to work on several projects as a 3d artist and received positive feedback on each task. Kiyomi directly contributed to a piece Radium created for Barnes and Noble that has since received a large amount of press. Kiyomi took on tasks and challenges at Radium that spanned Production, Facilities, Operations and Accounting support, always with a positive attitude.

I would highly recommend Kiyomi for any future endeavors she may pursue. Please feel free to call me regarding Kiyomi Okada with any questions you may have.
